OPTASE®
 EYELID CLEANSING WIPES

PRESERVATIVE FREE | Tea Tree Oil & Hyaluronic Acid

20 sterile eyelid wipes for daily eye hygiene

Step 1 **HEAT** | Step 2 **CLEANSE** | Step 3 **HYDRATE**

What is in OPTASE® TTO Lid Wipes?

OPTASE® TTO Lid wipes contain Tea Tree Oil (TTO) & Hyaluronic Acid as well as other ingredients to create a unique and gentle preservative free formulation.

What is OPTASE® TTO Lid Wipes used for?

OPTASE® TTO Lid Wipes are used as part of a daily eyelid regime.

Hyaluronic Acid is a natural substance found in many organs of the human body including the eye. Its special feature is that it moisturises and soothes the eyelids and can help improve eyelid elasticity.

Tea Tree Oil (TTO) is a natural essential oil from the Australian native plant *Melaleuca alternifolia*. Our concentration of TTO was chosen to provide the optimum level of comfort.

OPTASE® TTO Lid Wipes are preservative free making them ideal for daily eye hygiene.

Directions for use

					
1. Wash hands before use	2. Remove wipe from sachet and wrap over finger	3. Close eye and wipe gently and thoroughly across the eyelid and lashes several times in a side to side motion	4. Using a fresh wipe, repeat the process for the other eye	5. Discard the wipe after each use	6. No need to rinse after use
